Calligraphy - the Art of beautiful writing is a very rewarding practice that helps us get into a mindful state and remain completely focused whilst creating something beautiful. Modern Calligraphy has a universal appeal, as it is a more flexible, accessible and playful version of traditional Calligraphy.

In the Beginner's workshop, you will learn the basics of hand lettering and Modern Calligraphy using a traditional dip pen and ink. We start with basic letter formation and faux Calligraphy and learn how to create beautiful thin and thick strokes through step-by-step demonstration. There will be plenty of opportunities to practice and for troubleshooting. The Beginner's workshop is suitable for adults of all ages. No previous experience required.

Participants will receive a bespoke Beginner's Calligraphy kit. All materials provided.
