COURSE PROJECT: Summer Drawing with a Travel Sketchbook

Creative Sketchbook is a drawing course with a mixed media approach. Sketchbooks are used widely as a reference tool by art students and artists alike and are essential to develop your creativity. Learn how to use a sketchbook effectively and develop approaches for recording your own art activities.

The project for this course teaches you how to use a sketchbook outdoors to record urban and rural landscapes, people, animals and objects. You will learn a range of approaches in different media and how to use a sketchbook confidently in a public environment and during travel journeys. Weather permitting we will draw outside for one or two sessions.

CORE SKILLS:

- Exploring drawing - experimenting with different media, gestural methods, mark-making techniques, tonal contrasts, shapes, spaces and proportion.
- Experimenting with colour, watercolours, pastels, colour pencils or felt pens.
- Exploring ways to create texture and detail through different techniques
- Using photographs and cuttings, an approach to cropping and to collecting reference material for a project
- The purpose of a sketchbook - developing creative visual ideas and how to research for specific art projects.

MATERIALS LIST:
