A big welcome back to the Contemporary Textiles Fair at the Landmark Arts Centre! After switching to a biennial event several years ago; we're very pleased to invite you all back for some outstanding textile art. Our format has evolved since 2022; more space for textile demonstrations, over 50 exhibitor stands, plus more space for special exhibitions including ArtCan: Unravelled.

International non-profit arts organisation, ArtCan, will host a dual venue group exhibition focused on its artist members working with textiles, including at dedicated pop-up space at the Contemporary Textiles Fair, plus RuptureXIBIT in Hampton Wick. 'ArtCan - Unravelled' is co-curated by ArtCan members Catherine Sweet and Melanie Jordan.

Catherine says: "Textile art is one of the oldest art forms in human civilisation. Contemporary creatives continue to push the boundaries of the medium, as well as incorporating diverse narratives into their work - whether that be through stitching, weaving, quilting, tapestry, knitting, crochet or something new."

ArtCan Unravelled aims to highlight how the boundaries of practicality and aesthetics can be blurred with the variety of methods used to create textile art, and to 'tug on the thread' of the narratives created within the whole.

Melanie says: "Thread-based crafts are moving off of the sidelines to take centre stage -contemporary artists are increasingly using textiles to create powerful and thought-provoking art. For me, stitching is slow and methodical, where the doing is as important as the finished outcome. Soft and tactile, yet able to draw attention to uncomfortable concepts."
